Program Overview

No longer can you afford to be lax with your personal security. Apparent power, influence and wealth create the highest risk scenario for management, executives and their families.

Personal protection is an important part of every executive's skill set.. Where you work, what you drive, where you live, what you wear and where you travel can all contribute to you becoming a target. Having a security plan for any situation allows for defense preparedness in depth. The Executive Protection Services program presents the three stages of personal protection. It covers awareness, avoidance and defense in a range of topical areas critical to executives and management in business and industry.

The Executive Protection Services program consists of 10 modules that take approximately 1 1/2 hours to complete. The program sells for \$99.95 and can be ordered via the **Spy-Ops** web-site, delivered via CD or

an email that contains all necessary materials in Adobe Acrobat format (PDF). Once completed, the participant takes a comprehensive exam and submits it for scoring. If successful they receive a Certificate in Executive Protection Services. The tangible benefits of continuing professional education include career advancement, professional recognition, personal safety, job security and the list goes on. Additionally, our product offering includes over

Executive Protection Services

Quote

“The Spy-Ops personal protection training program for business executives empowered and prepared me so I can avoid potentially dangerous situations. As a petite female, business executive, the techniques and advice allows me to know how to react to different life threatening scenarios if they cannot be avoided. The program stressed that you do not have to be physically stronger than your attacker is, but you must know how to react quickly in order to save your life.”
